

HELP IS ON THE WAY FOR SMALL BUSINESSES

The Job Creators Network knows that small business is too big to fail. We're doing our best to inform American small businesses about the assistance available from recent government relief packages so more can keep their doors open. This includes the Paycheck Protection Program's forgivable loans that start today.

While we don't have all the answers, at JobCreatorsNetwork.com we've tried to provide as much information as possible, including:

- Are you eligible to get a forgivable loan as part of the government's Paycheck Protection Program?
- How much money can you apply to receive?
- How much of the loan is forgivable?
- Where do you apply for the loan?
- Are there other government benefits available?
